The Great Kooshog Lake Hollis McCauley Fishing Derby will take audiences to the little community of Kooshog Lake. For years, the citizens of this otherwise sleepy town have built their annual fishing derby around a truly legendary fish, one who has eluded even the most ardent fishermen for decades. Investment banker James Bell gets stuck in the sleepy town of Kooshog Lake during their annual Fishing Derby where he meets some wise, witty and wonderful locals as he joins their efforts to catch the elusive fish called Hollis McCauley which offers a prize of \$92,000. A comedy complete with romance, broken hearts and a shark attack.

If you are growing tired of real-world stresses, then cast away your troubles and savor a Canadian comedy that traffics unabashedly in human goodness. Norm Foster is our most produced Canadian playwright for a reason - he is very, very funny!

Small town gossip, an elusive fish named **Hollis McCauley** and a \$92,000 derby prize...
